

**Honor The Mothers In Your Life With A Gift That Will Be Tripled  
By A Double Matching Pledge Up to \$15,000 until May 22, 2018!**

Dear Friends of Maison de Naissance,

There is no one like your Mom. The bond between mother and child is eternal. Every day, Moms in Haiti are fighting to survive childbirth and provide a healthy start for their child. **NOW** you can honor your Mom AND **save a life** with your donation.

**Haiti's maternal mortality rate is staggering compared to the USA's – 13 times higher.** If the birthing center, Maison de Naissance, in Torbeck, Haiti was not there, easily treated complications like preeclampsia would spell death for mothers and babies in our community. Mothers would not have access to prenatal care, trained healthcare support, or attended deliveries, the most important factor in reducing maternal and newborn mortalities. Newborns would not enter this world in a sanitary environment, have basic clothing and blankets to keep them warm, or receive critical vaccinations. Maison de Naissance needs your help to sustain operations and reach ever more mothers unable to access quality healthcare.

Magdala Cius, a recent patient and new mother of a healthy baby, said of Maison de Naissance, “I appreciate it ... they took good care of me and I am happy ... I have already recommended it to 3 pregnant women.” Your contributions are essential for the birthing center to operate 24/7, providing everything from family planning, to prenatal care and deliveries, to weekly well baby care clinics. Co-founder Dr. Betsy Wickstrom has noted, “The whole community has thrived since we started in 2004. More homes have tin roofs instead of thatched roofs and cement floors instead of dirt. More farm animals can be seen as one drives up to the center.” Maison de Naissance is making a long-term difference, but it needs your support to continue to do so.
